Wishes to exhibit

W. W. Corcoran, Esq.
Washington D. C.

Dear Sir:

I have an original Pen & ink work, which took me nearly nine months to produce, commemorative of the reception of the Honorable Charles Stewart Parnell of Ireland, by the House of Representatives of the United States of America, in Congress assembled, last February, upon his visit to this city, to plead the cause of his suffering country.

The size of the picture, in the frame, is five feet by four, it embraces every feature in the line of pen art, and I would like to put it on exhibition in the Art Gallery for a short time, before sending it to Ireland. I therefore respectfully

ask that you be kindenough to grant me
permission to have it placed there. I am not
known to Art or Fame, only a poor miserable
government clerk who plods along from day
to day trying to maintain a wife and 8
eight children on a salary not sufficient
to keep one man of prudence decent. Yet
I love, and have a taste for the fine arts
and produced this Picture under many
difficulties. You have, almost, everything
in the Gallery embracing the fine arts,
but you have no Artistic Penmanship.
Give original genius a chance.

I send you accompanying this
letter a photolithographic copy of the
original picture (half size) in order that
you may see what the picture is, but
the original has to be seen, to appreci-
ate its artistic merits.

I am, Sir, very respectfully,
Your obedient servant,

Ref. to Court on Finances

File to 2029

Washington City D.C.
January 6th 1881

To the Board of Trustees of the
Corcoran Gallery of Art.
Gentlemen:

The decree of the Supreme Court of the District of Columbia having replaced me in control & possession of the real estate of my late husband. under whose will I hold the possession as life tenant. I respectfully submit this my petition to you requesting that the interest called for in the notes held by your corporation be reduced from 8% to 6%.

I am convinced that you will admit to be a most reasonable demand, since this note is long since overdue and the interest has always been promptly paid: and further the fact alone that my relation to the property as life tenant prevents my negotiating for a loan to take up the present incumbrance.

The amount of the incumbrance is large

and I am given to understand that on such sums on long time more than 6% is never asked where the security is ample as it is here.

I further would state, as an additional reason for this indulgence, that as life tenant I am obliged to keep down the taxes upon this property and insure the same - and there are arrearages of taxes which I am endeavoring to pay off - and these disbursements with the payment of interest scarce leave me sufficient for a meagre support -

Trusting that you will, Gentlemen, kindly and favorably consider this application I am respectfully & truly
